

DUTCH TO SURRENDER FORMER KAISER

NOT TO PERMIT DISCUSSION OF PEACE TERMS

Clemenceau Replies to Germans Who Seek Negotiations

(By The Associated Press.)
No discussion of their right to insist upon the terms of the peace treaty will be permitted by the allied powers. This is the reply which Premier Clemenceau, chairman of the peace conference, has made to the German plenipotentiaries, which, in addition to complaining about the stringency of the conditions is seeking to obtain a general opening of verbal negotiations.

Germany's peace plenipotentiaries have submitted two notes to the allied and associated powers in answer to the peace terms they received Wednesday. Unofficial reports from Berlin and Paris say that the notes were presented to Premier Clemenceau as chairman of the peace conference by Count von Brockdorff-Rantzau, chairman of the German delegation on Friday. A Berlin report says the German answer declares the peace treaty has in it demands which no people could bear. German experts think many of them cannot be carried out. The other note contained a German plan for a league of nations and is said to have been accompanied by a complaint that Germany, altho not invited to enter it, was asked to agree to the allied plans as contained in the peace treaty. The reported answer from the Germans came immediately upon the issuance by the German government of an announcement that it would make counter-proposals and that the German answer would be a proposal "for a peace of right on the basis of a lasting peace of nations."

It had been anticipated that the Germans would not make a formal answer for several days. The German delegation had been in close touch with Berlin.

President Ebert's government has ordered a week of mourning in Germany because of the severity of the peace terms as they view them. The political situation in Germany is unsettled. There are reports that if the present government refuses to sign the treaty, it will be succeeded by one composed of independent Socialists.

The council of four discussed it was reported the question of what to do to Germany should she refuse to sign the treaty. It was said the discussion was for the purpose of being prepared for any eventuality.

It is believed the Germans will sign.

President Wilson, according to Paris reports reaching Washington, still remains firm on the Adriatic problem. In a speech Saturday at the Academy of Moral and Political Sciences, the president said that America was ready to defend liberty wherever and whenever it was threatened. Friday night, the president said the war had given a new impetus to international law. The president it is said will return to Washington about June 15.

Some changes in the German-Austrian peace delegation are reported from Vienna as the result of the decision of the Austrians that it was hopeless to look forward to union with Germany. Chancellor Renner of the Vienna government probably will succeed Franz Klein as chairman of the delegation which is expected in Paris Wednesday.

Wilson To Direct Answers.

Paris, May 10.—(By The Associated Press.)—President Wilson will personally direct such answers as may be decided upon concerning German inquiries about the peace treaty differing from the president's announced points in connection with the instructions of Chancellor Schiedemann, has given the German plenipotentiaries at Versailles to address a note to the allies comparing the terms of the treaty with the fourteen points and making a counter proposal for verbal negotiations.

The view is held by the American delegation that Herr Schiedemann's objections are taken that the treaty is contrary to the president's fourth point on disarmament and fifth point on colonial questions. It is explained that while the treaty contains a provision for Germany's disarmament this is preliminary to the general limitation of armaments by other nations and that the covenant of the league makes a general restriction of armaments.

Herr Schiedemann's contention that the German colonies are delivered to the allies contrary to

Demand Probe of Discharges of Objectors

ST. LOUIS, Mo., May 10.—The American Legion at the final session of its three day national caucus today firmly declared to stand on Americanism by enacting drastic action concerning the I. W. W. international Socialists aliens who evaded military service and the action of the war department in granting honorable discharges to conscientious objectors convicted in courts martial of violating the articles of war.

The resolutions on these questions demanded that congress direct papers to evade military service, all aliens now intended or pardoned, all other men who evaded war service be sentenced to the I. W. W. and international Socialists for their efforts in behalf of the objectors and asked the immediate investigation of the action of the war department in pardoning the conscientious objectors.

The biggest surprise of the caucus came when the delegates by a vote which virtually was unanimously defeated a resolution calling on congress to grant a bonus of six months pay at the rate of \$30 a month to every enlisted man who served in the war for six months or more. Opposition was on the ground that the legion should put something into the government not take something out.

Among resolutions passed was the one dealing with employment. It calls for federal aid for the legion so that it might assist ex-soldiers in securing positions.

The question of Chicago's patriotism was on the verge of breaking out again when the organization committee report recommended Chicago as permanent headquarters for the legion. The threatened outbreak was averted by a motion not to consider the report until the convention in Minneapolis November 10.

A temporary constitution also was adopted. It provides that any man or woman who served in any army or navy or marine corps during the war shall be eligible to membership except those dishonorably discharged. Admission fee will be \$2 with state dues of 25 cents a year.

The question of the caucus attitude on prohibition, the relations between the national guard and the regular army and similar subjects which have caused considerable discussion among the delegates never came to a vote. Some have killed by the resolutions committee and others not being even considered by that body.

PALMER HELD PLAN TO BE ILLEGAL

WASHINGTON, May 10.—The abandoned price stabilizing plan of the department of commerce's industrial board was declared "unauthorized by law" in an opinion of Attorney General Palmer Secretary Redfield.

On April 1, previous to the resignation of the board and made public today.

The plan was held to be illegal by the attorney general on the ground that it constituted price fixing among producers in violation of anti-trust acts, a situation which was not changed in legal aspect by participation of the industrial board, an agency not created by statute. The attorney general also held purchases by the government must be on the basis of competitive bids.

MAY VISIT GENEVA

Paris, May 10.—(By The Associated Press.)—A suggestion has been made in high quarters that President Wilson may visit Geneva for the purpose of inspecting the seat of the league of nations.

COURIER ENDS TRIP

Paris, Friday, May 9.—(By The Associated Press.)—Word has reached the American peace delegation that a courier sent to Norway in an endeavor to reach the details of the plan for allied food relief before the soviet government, has completed the trip. The courier is believed to have brought the first information of the allies' intentions to the bolshevik authorities.

ORDERED TO CUSTER

Camp Grant, Ill., May 10.—Col. Charles Gerhardt, former commander of the 161st depot brigade at Camp Grant, has been ordered to Camp Custer to command the 10th Infantry.

President Wilson's fifth point is met by the statement that the colonies are not delivered to the allies, but to the league of nations which administers them thru mandates.

Concerning the proposal for verbal negotiations it is said that much explanatory detail will probably be done verbally. Any proposition for a general opening of verbal negotiations will be rejected.

ACADEMY GIVES WILSON SPECIAL GOLD MEDAL

President States U. S. Came Into War in Cause of Liberty

PARIS, May 10.—President Wilson, speaking at the session today of the Academy of Moral and Political Sciences, of which he was elected a foreign associate last year said that the United States came into the war in the cause of liberty.

"We never see the cause of liberty imperiled," the president added, "we are ready to cast our lot in common with the lot of those whose liberty is threatened. That is the spirit of the people of the United States."

The occasion of the president's speech was the presentation to him of a specially struck gold medal.

The dinner was that of the international law society association of which Sir Thomas Barclay, 15, president.

President Wilson's address in full was as follows:

"Sir Thomas and Gentlemen: I esteem it a very great pleasure to find myself in this distinguished company and in this companionship of letters. Sir Thomas has been peculiarly generous as were the gentlemen at the other end of the table, in what they have said of me, but they have given me too high a role to play up to. It is particularly difficult to believe one's self to be what has been described in so small a company as this. When a great body of people is present, one can assume a pose which is impossible when there is so small a number of critical eyes looking directly at you.

"Speaking for America, and yet there was one part of Sir Thomas' generous interpretation which was true. What I have tried to do and what I have said in speaking for America was to speak the mind of America, to speak the impulse and the principles of America. And the only proof I have of my success is that the spirit of America responded, respected without stint or limit, and proved that it was ready to do that thing which I was privileged to call upon it to do.

"In this spirit of America something which perhaps may serve as a partial guide for the future. May I say that one of the things that has disturbed me in recent months is the unqualified hope that men have entertained everywhere of immediate emancipation from the things that have hampered them and oppressed them. You cannot in human experience rush into the light."

WILL WITHDRAW MARINES IN FALL

WASHINGTON, May 10.—The Marine brigade of the second division in the army of occupation in Germany will be withdrawn from France during the fall.

Major General Barnett, commandant of the corps, made this announcement in a statement calling for volunteers to replace the men now composing the brigade.

The statement issued by the navy department follows:

"Major General Barnett, commandant of the marine corps, today instructed Marine Corps recruiting officers to enlist discharged marines and soldiers for special limited service overseas. These men will replace marines serving with the fourth Brigade of the Second Division (a part of the army of occupation) and will remain overseas until fall when all marines will be withdrawn. Upon their return these volunteers for special service will be discharged. Acceptable applicants must be physically and otherwise desirable.

"Such volunteers will be sent overseas from Quantico, Va., within a few weeks."

FAVOR GOVERNMENT OWNERSHIP

Washington, May 10.—Government ownership and operation of railroads, packing plants and the navy emergency fleet will be advocated by the Farmers' National council during the next session of congress as part of a "reconstruction program" which it will endeavor to have adopted, according to a statement given out today by George P. Hampton, managing director of the organization.

that he stands on the same earth with yourself and has a heart like your own, and that you are helping him standing on that common level and using that common impulse of humanity.

"In a sense the old enterprise of national law is played out. I mean that the future of mankind depends more upon the relations of nations to one another more upon realization of the common brotherhood of mankind than upon the desperate and selfish development of national systems of law; so that the men who can, if I may express it so, think without language think the common thoughts of humanity are the men who will be most serviceable in the immediate future."

LONDON, May 11.—(By The Associated Press.)—The Dutch government has decided to surrender the former German emperor to the allied and associated powers, according to a dispatch from the Hague to the National News.

MOTHERS ACCORDED SPECIAL HONORS

WASHINGTON, May 10.—American Mothers, the silent sufferers of war will be accorded special honors at church services throughout the country tomorrow in the general observance of Mothers' Day. A direction of President Wilson the flag will be displayed on all government buildings and he has requested the people to display it at their homes as a public expression of love and reverence for the mothers of the country.

General March chief of staff of the army paid a tribute to the mothers of America and Secretary Baker said, "It is to the mothers who made the supreme sacrifice of their loved ones in this great cause, to whom we owe deepest gratitude."

BOLSHEVIKI FREE AMERICAN PRISONERS

NEW YORK, May 10.—News of the release by the Bolsheviki of five wounded American soldiers, members of the 33rd United States Infantry—George Albers and Walter Huston of Muskegon, Mich.; Anton Vais, Chicago; William S. Stonach, Manissee, Mich. and Mike H. Aurilik, Detroit, and Mel V. Arnold, a wounded Y. M. C. A. secretary of Lincoln, Neb.—was received in a letter today by the International Y. M. C. A. Electrical Men Threaten To Strike July 1

SPRINGFIELD, Ill., May 10.—Recognition by the federal administration of the International Brotherhood of Electrical Workers, is the only hope of averting a nation-wide strike of the entire membership on July 1, which will affect about 150,000 employees.

This was the decision reached here today when it was announced that the referendum vote which has been in progress for the past few months, shows a majority of 8 to 1 in favor of the strike.

Charles P. Ford, international secretary of the Brotherhood of Electrical Workers, in announcing the result of the vote said that Postmaster General Burleson, repeatedly had declined to do anything to adjust matters. He added that present wages are the same as those paid in past two or three years and that even though effects had been made since last September, it was impossible to have the grievances of the men adjusted by the administration.

"Our chief grievance is to be given a hearing or recognition by the administration thru Mr. Burleson," Mr. Ford said. He expressed the hope, however, that the strike would be averted because of the various damage which would be done to business. He thought when President Wilson returned from Europe the executive would take steps to have the matter amicably adjusted.

Out of a membership of 130,000 members, 87,000 of the 97,000 votes cast were in favor of calling the strike, Mr. Ford declared. No demands ever were presented. He said the electrical workers only desiring to place their case before the administration and then negotiate, but all attempts on the part of the organization thus far have failed.

Included in the membership of the Brotherhood of Electrical Workers are linemen, "trouble-makers," splicers, installers and operators. The entire telephone and telegraph systems of the United States would practically be tied up in the event of the strike, it was said.

If the strike is called it will be the first general walkout since the Brotherhood was formed. It was declared.

The Brotherhood of Electrical Workers appealed to President Wilson who turned the matter over to Mr. Burleson, but the latter has refused to deal with the men collectively, even ignoring the request of J. P. Noonan, president of the organization. Mr. Noonan is thought to be in St. Louis, Mo.

TO SWEAR DEPUTIES IN MONDAY NIGHT

TOLEDO, O., May 10.—Several thousand leading business men, professional and workingmen, members of the city's Liberty Loan bond selling organization—will be sworn in individually as special policemen Monday night in order to insure sufficient police protection during the Liberty Loan automobile plant, where approximately 1,000 workers were forced out of employment this week when they refused to work 48 hours instead of 45 hours a week.

At a meeting today the liberty loan workers pledged their support to Mayor Cornelius Schreiber.

Mayor Schreiber and a committee of five Overland employees were in conference most of the day with officials of the company in an effort to reach an adjustment. No announcement of results was forthcoming when the meeting adjourned until Monday morning.

TWO SEA PLANES FINISH SECOND LEG OF JOURNEY

Reach Trepassey Bay "Jumping Off" Point of Flight

TREPASSEY, May 10.—The American naval seaplanes No. 1 and No. 2 were moored tonight in Trepassey Bay, the "jumping off" point of the Trans-Atlantic flight, having completed the second "leg" of the coastal journey from Rockaway Beach New York with 460 miles flight from Halifax. NC-1 piloted by Lieutenant Commander P. N. L. Billinger arrived at 6:41 p. m. Greenwich time, having made the flight in six hours and fifty-four minutes at an average speed of 65 nautical or 71 land miles an hour. The NC-3 piloted by Commander John C. Towers, commander of the flight arrived at 10:31 p. m. Greenwich time, having been compelled to put back to Halifax for propeller repairs after flying fifty miles. Its flying time was six hours and fifty-six minutes or two minutes more than that of the NC-1.

Officers expressed confidence that the two "hops" across the Atlantic to Lisbon, Portugal would be made without difficulty.

It is expected the flight to the Azores, a distance of 1200 miles, will be attempted next week. The date originally fixed for the "big jump" from New Foundland was May 12 to 14.

Assures Success of Flight.

Washington, May 10.—Arrival at Trepassey Bay N. F., of two of the three American navy seaplanes which started from Rockaway, N. Y., on the trans-Atlantic flight, insures the success of the whole enterprise in the opinion of the naval officers here. When the report reached the navy department tonight that the second of the planes, the NC-3, had reached Trepassey Bay in today's flight from Halifax, after it had been forced to turn back because of a broken propeller officers were unable to conceal their satisfaction.

The third plane the NC-4 was still at Chatham Light, Mass., tonight waiting to continue the trip to Trepassey Bay. Lieutenant Commander Read in charge of the plane may get started tomorrow. It was generally expected that the passage across the Atlantic via the Azores would not be attempted until the NC-4 reach New Foundland. The decision rests, however, with Commander Towers. The NC-3, commanded by Commander Billinger, was the first to leave Rockaway, having made the flight from Rockaway to Trepassey Bay, covering just 1,000 miles. The total flying time for the plane over this course was six minutes less than 8 hours, or an average of more than 62 knots an hour according to unofficial calculation.

May Start an Airship.

St. Johns, N. F., May 10.—The United States navy may start an airship on a trans-Atlantic flight almost simultaneously with the seaplanes it was learned today. Soon after the information came that the C-5, latest of American naval dirigibles would leave Montauk Point for New Foundland in a few days it was asserted that if this trial trip is successful the blimp probably would be sent on to England.

The American project became known today when the blimp Chicago arrived to act as a "baser" for the airship. St. Johns will be the terminus of the 1200 mile test run and the starting point of the overseas flight if one is attempted.

The site of the landing field here has not been determined.

Germans State Needful Points Were Abandoned

PARIS, May 10.—(By The Associated Press.)—The German peace delegation declares in letters sent to the allied and associated powers states that on essential points the basis of the peace of right agreed upon between the belligerents has been abandoned.

Two letters have been sent to the allies to which replies have been made. The first letters reads as follows:

"The German peace delegation has finished the first perusal of the peace conditions which have been handed over to them. They have had to realize that on essential points the basis of the peace of right agreed upon between the belligerents has been abandoned."

"They were not prepared to find that the promise explicitly given to the German people and the whole of mankind is in this way to be rendered illusory."

"The draft of the treaty contains demands which no nation could endure. Moreover our experts hold that many of them could not possibly be carried out."

"The German peace delegation will substantiate these statements in detail and transmit to allied and associated governments their observations and their material continuously."

(Signed.)

"Brockdorff-Rantzau."

The following reply was made today by the allied and associated powers:

"The representatives of the allied and associated powers have received the statement of objections of the German plenipotentiaries to the draft conditions of peace."

"In reply they wish to remind the German delegation that they have formulated the terms of the treaty with constant thought of the principles on which the armistice and the negotiations for peace were proposed. They can admit no discussion of their rights and obligations on the terms of the peace substantially as drafted. They can consider only such practical suggestions as the German plenipotentiaries may have to submit."

A LAWYER AND TEARS.

Miss Hargrove will know exactly what to do when addressing her first circuit court jury. Miss Rosenthal, just admitted to the bar, tried a case in Chicago the other day. She defended a man charged with burglary. She cried. The jury did the rest, and Miss Rosenthal's client was speedily found not guilty. Now it is said that a woman lawyer with tears presents a new legal problem for the Cook county bar.

CREDITABLE FIGURES.

Among her other war records Illinois has reason to be proud of the figures on child labor during the war period. These records show that Illinois was the only state employing less child labor for the period than it did in the year previous. The reason is no doubt found in the new child labor law, with its provisions for strict inspection and permits not good for a year or years, but for one child while engaged on one particular job.

TO ENJOY HIGH VALUES.

The city real estate owner who sells his property now has the satisfaction of a higher price than he could have obtained last year. The owner who does not sell can

have the satisfaction of invoicing his property to its present sales value rather than at what it cost or what it could have been sold for. The only sad thing about this condition is that the tax assessor may find out about these increased values.

KEEPING AFTER THOMPSON.

The Chicago Tribune also it failed after a most strenuous campaign to defeat Mayor Thompson and with the knowledge that he is to be mayor for four years, continues to feature any news happenings unfavorable to the city's chief executive. The fact that the newly organized Association of War Veterans declined to hold its next convention in Chicago because of Mayor Thompson's war attitude is therefore being given big headlines. Chicago newspaper history doesn't prove the continued method of seeking to dethrone political leaders as very successful.

SENATOR BORAH.

Senator Borah indicates in a recent statement that he may leave the Republican party if the organization as such favors the League of Nations plan. The senator has been commended by some of the strongest papers in the country for his bold stand against the league plan as now outlined, not so much because these papers believe the plan should be opposed but because the senator's attitude has brought about a study of the situation which would probably not otherwise have resulted. Any public man who threatens the party weakens his position.

MORE TRAFFIC REGULATIONS MUST COME.

The curve reductions made in pavements at the main entrances of the public square are desirable and will help keep traffic moving. But the improvement will amount to little until a change in the traffic law is made and enforced. An auto driver who rounds one of the newly made corners and finds a car parked there either has a collision or narrowly es-

caped one. In addition to more parking space for cars, the time has come for various restrictions and these rules when laid down and observed will greatly aid the movement of traffic. The problem is one in the program which awaits the new city administration.

"MY MOTHER'S HANDS"

"As my mother's hands work on busily, I see them now and I see them as they used to be. Once those dear hands were shapely and smooth and white. How vividly they seem over the piano keys, in days when there were music and happy things. What long hard years since then! Would that I could repay her in some smallest measure for the price recorded in those hands. How they have worked, how they have toiled, with broom, with rolling pin, with steaming suds, and ever and ever with the needle, long into the late evening, creating needed things or setting something right, working, working, working that I might play, holding the structure of the world intact. How wonderful are hands! If I could see all together the hands accomplished, all in one great mound, how it would reach into the sky—just the product of that little pair of hands, and most of it for me!"

—Emily Frances Robbins, in the June New Red Cross Magazine.

PRESERVING

SOLDIERS' RECORDS.
The members of the War Mothers of America Association are united for service and will devote the summer months to arranging the names of the soldiers alphabetically, with their war records, upon the questionnaires which are to be kept in a fire proof vault, hoping to preserve the history of Morgan county's patriotic sons in the world's war of 1919.

Any soldier or any one who now has or has had relatives in the army who may wish to thus preserve their history, is requested to bring the names with their war records as far as they may be known to the present time, to the public library and have the facts recorded. And anyone who can remain and help with this pleasant duty will be most welcome. It is also desired that those who intend to join the members in planting a tree, marked with a metal marker, next fall at Nichols park when Mr. Tiplady, the landscape architect employed by the park board may have his plans completed, shall send in their names.

THAT OVERSUBSCRIPTION.

Each recent day has shown the Morgan county Victory Loan record in a more favorable light. Chairman Capps believes over subscriptions will run to \$300,000. Much of the credit for this successful campaign must be accorded to Mr. Capps as a constantly alert very efficient and always tactful chairman. Due recognition must be given to the influence of the bankers of Morgan county for

their loyalty and still the greatest share of credit is reserved for the people themselves, who recognized the necessity for paying their country's war obligations. The people are mindful that it is much better to pay war costs of dollars than war costs of blood.

THE HOME OPPORTUNITIES.

It is a common occurrence now for a Morgan county farm to sell at a figure unheard of prior to 1919. If a land sale is not recorded, then city property is almost sure to change hands at a satisfactory price. These advances in real estate values remind again that usually the best opportunities for making money are right here at home.

Russell H. Conwell, long famous as a lecturer, had an address on "Acres of Diamonds." Its hero was a Pennsylvania farmer who after some years of dissatisfaction sold the old farm home at a very low price and went west to seek his fortune. He changed from one state to another without prospering. The new owner of the Pennsylvania farm, one day noticed oil on the water of the horse trough. That brought an investigation and the development of an oil field. It was just a case of failing to find the fortune that was nearest. Far too often the distant hills are alluring while the beauties and advantages right at home are neglected.

The only advantage in thinking about the money "you might have made" by investing last year or the year before in Morgan county land or Jacksonville property is the recognition that may come of the real values—the real opportunities—that exist in your home county and city.

Rippling Rhymes
By Walt Mason

Keep Off.
When, gentle Annie beams and smiles, I'd like to roam, the farthest afield, far from the madding crowd, but when I'd try that scheme of mine I find the omnipresent sign, "No Trespassing Allowed." It means ten dollars or ten days to wander in the woodland maze, and hear woodpeckers sing; they've fenced in every glade and glen, and there's no place for weary men to breathe free air, by jing. Sometimes, with other easy marks, I journey to the public parks, to make the show hours pass, to rest upon the sward I yearn, but there's a sign at every turn, which says "Keep Off the Grass." I used to fish when I was young, thru meadow, cove and dell I swung, and no one called me down; the woods and all the streams were mine, all day I fished with hook and line, and then went back to town. But now if I go forth with bait, I meet some doer, forbidding skate, who cries, "No fishing here," and if I laugh his hede to scorn, I'm soaked ten dollars in the morn, which makes my fishing dear. Jehovah gave us verdant hills and sighing woods and babbling rills, and ponds as clear as glass; but man has fenced things in, we see, and nailed to every post and tree his sign, "Keep Off the Grass."

WILL PRESENT HELMETS

The helmets awarded by the Woman's committee of the Morgan county victory loan organization for the best essays in the schools of Jacksonville will be presented to the winners Monday morning. PART OF KICK FARM
SOLD SATURDAY

Four Hundred Acres Goes to Cass County Men — Sale Made By Dewese and Erickson — Land Prices Going Up.

An important land sale was made yesterday by Norman Dewese and S. T. Erickson, whereby George E. Kick has sold to C. J. Sinclair and Frank and John Beggs of Ashland 400 acres of land in Alexander precinct. This is the north part of the Julius Strawn tract of land which Mr. Kick purchased two years ago. Possession is to be given January 1. The price was not made public, but it is known to have been at what until recent months would have been considered a high figure for Morgan county land.

Mr. Kick purchased the land at \$185 an acre, has added a house and a barn and some other improvements, in addition to doing an extensive amount of tiling. The sale price is known to mean a good margin of profit for Mr. Kick and when the contract is consummated he will also have had the crops for a two year period.

Frank and John Beggs purchased the land as administrators of the estate of Edwin Beggs. It will be remembered that Mr. Beggs, now deceased, was one of the purchasers of the Jacob Strawn lands two miles southwest of Jacksonville a number of years ago, and that the investment was a very fortunate one. This is one of the largest land sales recorded in several months but Messrs. Dewese and Erickson have several others in immediate prospect and said last night that it is very certain the top has not been reached in the Morgan county real estate.

Mr. Kick owns a large farm near Warrensburg and recently refused an offer of \$400 an acre for this land made to him thru Messrs. Dewese & Erickson. The land has some better improvements than the farm here but the character of the soil is very similar. Two months ago Mr. Kick sold off a farm on the southwest corner of his tract to Frank Foster and the sale of the 400 acres at the north end now leaves him in one body a farm of 635 acres.

The reference to Mr. Kick's success in Morgan county land brings to mind the case of O. F. Conklin, who came to Jacksonville from Michigan about fifteen years ago and began the purchase of farms after he had made a careful survey of the county. He was willing to pay prices at that time that were considered higher than conditions justified and some residents left very sure that it was a case of mistaken judgment. However, Mr. Conklin's judgment has been fully justified by developments and that good judgment has made handsome profits.

HOME WELCOME

TO THE SOLDIERS.

All chairmen and heads of any and every kind of an organization in Jacksonville and all persons in the city or county interested in a suitable home coming welcome to the soldiers returning from the great war are urgently requested to meet in the Red Cross rooms in the Public Library building Wednesday evening at 8. This is to be a county wide affair and all persons from any and every part of the county will be heartily welcomed. Let everybody give this matter best attention and get under way a demonstration worthy of our noble boys. The National Red Cross organization, especially requests local bodies to take up this matter. Red Cross Home Coming Com.

The Woman's Missionary society of Westminster church will meet Tuesday afternoon at 3 o'clock with Mrs. A. F. Kliner, 222 Westminster street. Mrs. O. F. Conklin will present a paper on "Mexicans in California."

FOLK DANCES GIVEN
IN MAY EVENT

Yojoasi Camp Fire Girls Presented Very Artistic Program.

Folk dances and a May pole dance made up an outdoor program staged Saturday evening by the girls of the Yojoasi Camp Fire at the home of Mr. and Mrs. Frank J. Hehl, 810 South Diamond street. The grounds at the Hehl home, so beautiful with flowers and shrubbery, made an ideal background for such an occasion. Mrs. Hehl is the guardian of the Yojoasi camp with Miss Ruth Bailey as assistant.

In briefly announcing the program for last night, Mrs. Hehl gave special credit to Miss Helen Robinson who generously spent a great deal of time in training the girls for this event. The various numbers of the program were given to musical accompaniment, Miss Virginia Spink at the piano, and Hugh Wilson, violin. By way of explanation Mrs. Hehl said that the program was a reproduction of the work that the girls have been doing during recent months. The general program is outlined as follows:

"Bos Castle," an old English flower girls' dance. Work song, one of the camp fire motion songs.
Group of children's folk dances: a. The Kinder polka. b. Shoemakers' dance (Danish). c. Swedish clasp dance. d. Nixi polka (Swedish salutation dance). e. Norwegian Mountain march. This last number was a simple Norwegian peasant dance given by three David Prince members, Lois Harney, Caroline Doane and Helen Walton.
Two camp fire motion songs: "Burn Fire Burn," and "Waning Moon."
"Green Sleeves," English May day dance by milkmaids.
Shepherd's May, one of the Morris dances.

The program concluded with the May pole dance which, like the other numbers, was given with a great deal of both grace and animation. Each number of the program called for the approval of a large number of spectators, but no feature was more appreciated than the motion songs. The "Waning Moon" is a song used when the camp fire is going out and was given very beautifully last night. The girls were all prettily dressed in white and the spectacle was very pleasing to both eye and mind.

During the intermission Rev. Mr. Collins explained briefly the purposes of the Camp Fire movement. The girls who took part in the program last night were beautifully last night. The girls Frances Griswold, Mabel Rogers, Dorothy Hargrove, Helen Walton, Edith Putnam, Caroline Doane, Helen Turner, Mary Janet Capps, Lucille Mackness, Helen Clary and Carol Lander.

WILL ERECT NEW SCHOOL HOUSE.

The contract has been awarded for Science Hill school building to be erected on the present site just northwest of Pisgah. The bid of Charles E. Sevier out of \$3,713.25 has been accepted by the directors, Riley Spaenower, Charles Caldwell and T. B. Antle. The building which is to be of a type required by the present school law is to be completed not later than September 1 and the modern facilities will no doubt be appreciated by both the pupils and patrons of the school.

ELSIE FERGUSON

"HIS PARISIAN WIFE"

An Artcraft Super Picture

His parents said that his newly found wife was a questionable person, she came from "naughty" Paris. She helped to confirm their opinion when she appeared in a rather extreme gown.

But there was nothing questionable about her except her judgment in accepting his parents at their self-assessed value. The time came though—

You can always leave it to Elsie Ferguson to furnish a smashing climax. There's one in "His Parisian Wife" that you ought to see.

A picture that gives Elsie Ferguson an opportunity to display her wonderful dramatic talent. The way she wears the latest French gowns—and the beautiful gowns themselves—will make you like this latest Ferguson triumph.

A Bank

A bank primarily is not an institution in which to deposit money for the interest it may earn, or for convenience in paying accounts due.

These are desirable features, but if it were all such a bank's prestige would not be great.

A bank gives marked service in its territory. There is no question, involving financial matters, on which it is not equipped to give sound advice, not alone to its patrons but to any person desiring it.

This opportunity for obtaining sound, reliable information, is overlooked by many persons, some lacking the knowledge of where to go, others fearing their wants may appear trivial.

A cordial invitation is extended to any person desiring information or advice in financial matters to come to this bank.

A Busy Week at Graham's Formal Opening

of the New Store, 30 North Side Square

With Two Big Demonstrations

Everybody Wants to See It

And you should be among those present when "JIM SHARP" demonstrates the **Hummer Sharpener** at my store the week of **Monday, May 12th**.
JIM will make a few cutting remarks about keeping farm tools in best working condition. He is a keen man, is Jim Sharp, and he will be busy. But he'll be here six days, and will have plenty of time to show you.
Jim says, "a dull farmer blames his tools, but a good farmer sharpens them" on a Hummer.
So come in during the week and see what a great time and trouble saver the Hummer really is.

Enderes Tools Demonstration

On **MONDAY** a factory representative will be with us, demonstrating these wonderful tools. See the man drive an Enderes Punch through quarter inch steel without battering or bending—and other interesting performances showing ENDERES superiority. Every mechanic, autoist and farmer should witness these demonstrations.

RECORD CIRCULATION OF BOOKS IN APRIL

Records at the public library indicate that 6,000 books were in circulation during the month of April which is the highest total for any one month save one, when the record was 7,000 books. Every day applications are made for books on a wide variety of subjects, but it is stated that there are more calls for those treating of current events than any other. Information on matters of present day interest is sought by all classes of readers, and the seekers for such information are by no means limited to the students of the schools and colleges.

WORK ON SOUTH MAIN PAVEMENT PROCEEDS

A force of men was busy Saturday spreading the last layer of tar on the South Main street pavement, and when this work has been covered over with sand the work will be finished, except for some repairs which must be made in the pavement. Contractor Bretz has met with unfortunate weather conditions while making this improvement and the result has been a series of exasperating delays. He is therefore hoping that favorable weather will prevail for the next few days so that the work can be completed without further delay.

SOUND DEATH KNEEL OF OLD AUSTRIA

VIENNA, Thursday, May 8.—By the Associated Press—The death knell of old Austria was sounded in parliament this afternoon when Chancellor Renner, in accepting the nomination as a peace delegate to go to St. Germain said he relinquished all hopes for a fusion with Germany. His speech was made while the impression caused by the allies' terms to Germany was still strong.

"The Austrian people must suffer for the misdeeds of rulers," the chancellor said. But we were not guilty of bringing it about. I will do my best to secure better terms for ourselves."

A few socialists demanded that no delegates be sent but there was no attempt to revolt or Bolshevism.

HERE'S LUCK!

To the men we've elected to run our city for some time to come.

You can take it from me, they have got a hard job, and it's not going to be any fun. The conditions are such they cannot succeed unless we all help them along. And, I hope what they do will always be right, but, I'm for them. **EVEN WHEN WRONG.**

Let's help them along by getting together, by putting our mauls in a sack, and give them the hearty "GO TO IT BOYS," with a handshake and pat on the back. For there's nothing I know of, on old mother earth, to bring out the best that's in men, as words of encouragement, cheerfully spoken, or a compliment now and then.

Yep; you guessed it the first time, it's supposed to be a toast and a professional toast-maker would probably say it was dry and scorched, but believe me it was written with a **SPENCERITY PEN**, from the bottom of my ink well. It is not patented or copyrighted and any time you feel like speeling it, go to it; and while you have the attention of the gang, just announce that Skinner, 211 S. Sandy St., sells Tires en' everything, for automobiles.

Yours truly, JACK.
P. S.: On the second think, I have decided you better make the announcement first, for if the gang thinks you are going to recite poetry they might all leave.

P. S. the II: On the third think, I have decided to let all bets go as they lay, for any one with an ounce of brains would know it wasn't poetry.

Yours truly Jack.

THE PRAIRIE DIVISION, ITS RECORD SET FORTH

It has a Nickname and a Rating
Reputation—Boches Rated "It"
First Class.

By William Lewis Judy.
Diekirch, (Luxemburg) — The
334 Division has a nickname, dis-
tinguished insignia and a rattling
reputation.

In the States they call us the
"Prairie Division." Over here we
are the "Yellow Cross Division".
When we shake hands again with
the Goddess of Liberty and smell
again that familiar smell of the
Chicago stock yards we shall once
more be the "Prairie Division."

Now, who are we any how?
Well we fought with the bloomin'
British on the plains of Picardy
in Northern France in July and
August, 1918, and when the
decorations were handed out on
that bright summer day on the
green behind the old chateau at
Molliens-au-Bois, King George
himself, was there to pin the
medals on the breasts of the Illi-
nois boys.

We fought side by side with
the Tommies—good pals they
were—and with the Americans of
the British empire, those fighters
after our hearts, the Aussies—I
mean the Australians, the dare-
devils of a rough and ready Em-
pire. They it was who paid us
the biggest compliment ever
given a Yank crowd over here.

The Aussies celebrated the
Fourth of July with us at Hamel
when we went over the top to-
gether up near Albert, and after
it was all over they took us by the
hand and said: "You'll do us, dig-
ger, but you fellows are damned
rough." Here, too, took place an
event that shall be forever glori-
ous in the annals of England and
America—here for the first time

in history the soldiers of the two
mighty nations fought side by
side in a common cause.

Crosses and Medals.
We fought with the French and
now we are to get fifty Croix de
Guerre. The King of the Belgians
heard about us and is sending us
8 of his medals. The Congress of
the United States gave us 7
Medals of Honor.

We have a lot of doughboys
like Corporal Paul Hobschell, of
the 131st Infantry. He's wearing
a D. S. C. because up at Chipilly
Ridge he laughed at the Boche
snipers, made a dash at them,
on his way stopped at a German
dug-out and single-handed chased
out thirty Germans yelling "Kam-
erad," and brought them back as
prisoners. Then there is Corporal
Jake Alex, another of Joe San-
born's boys. Jake and his squad
charged a machine-gun nest and
himself stuck the bayonet into
five Germans. We've a buck pri-
vate in the 124th Machine-Gun
Battalion, Clayton Slack. He's go-
ing to get a Belgian Medal, a
Croix de Guerre and a Medal of
Honor, because all alone, he
rushed a German machine-gun
nest and gave the Germans "Hail
Columbia" with a shower of
their own bullets.

Now I come to the grand old
man of 'em all—Colonel Joe, of
the 131st, of the Dandy First of
the Old Illinois Guard. He's sixty
three, but likes a fighting spree.
The Colonel had his steel hat
knocked off by the burst of a shell
but say—have you seen him on
dress parade? There's a D. S. O.
which the King of England gave
him. There's our own D. S. C.—
he's got that of course. And
there's a Belgian medal, too, that
is his pride.

Our troops have camped along
the North Sea, on the Somme, on
the Meuse and on the Moselle and
now they are wintering in Die-
kirch, that famous resort of the
Grand Duchy of Luxemburg.

What Division?
What division captured more
prisoners and more guns, and ad-
vanced more kilometers than any
other division except three or
four? The Prairie Division.

What division captured 1,436
prisoners in one day? The Prairie
Division.

What division has a general
wearing a wound chevron? The
Prairie Division.

What division was one of the
five American divisions rated by
the German High Command as
first-class? The Prairie Division.

What Division commander was
praised by G. H. G. because the
horses of his division and the care
of them "stood as a perfect
model of the standards that ought
to exist in these matters thruout
the Army? The Prairie Division.

Our divisional colors are yellow
and black; fast colors, guaran-
teed not to run. The design is a
yellow cross.

We are proud of the Yellow
Cross and proud of the fighter
who has been our leader, Major-
General George Bell, Jr.

We came to France with a
great reputation to uphold, and
high standards to maintain, for
we are the Prairie Division; we
hall from the fields of Illinois.
We have fought as worthy sons of
worthy sires. We shall return
from our long journey strong
men and noble, victors and proud.
We shall march down Michigan
Boulevard, victors and glad, yet
with a bit of shadow in our
faces, for we are not forgetful of
our brave comrades who went
away with us and with us did not
return.

They did not die in vain,
neither have we fought in vain.
They who in later years shall
shall wear the Yellow Cross shall
wear a badge of high honor and a
fitting distinction for the brave
men and fearless fighters. They
showed themselves to be.

The foregoing was received by
Mr. and Mrs. John Ryan from
their son, Joseph Ryan, who left
home with old Company B. Many
of Morgan County boys are in
the 334 Division, in fact nearly
all of Company B. To their rela-
tives and friends this article will
be doubly interesting. It is taken
from the European edition of the
New York Herald.

UNIQUE SITUATION CONFRONTS OHIO

State Faces Situation of Having
Dry Constitution But no Stat-
utes to Enforce It—State and
Local Officials Puzzled.

Columbus, O., May 9.—Just
what is going to happen to the
liquor traffic in Ohio after May
27 when the prohibition amend-
ment to the state constitution,
adopted last autumn, becomes ef-
fective, is a problem that is both-
ering state and local officials.

The state faces the situation of
having a dry constitution but no
statutes to enforce it. The gen-
eral assembly enacted enforcement
measures but they must run the
gauntlet of a referendum next
November before they can become
operative and should the voters
disapprove of them there will be
no particular authority by which
to enforce prohibition, it is said.
Anti-Saloon league officials say
they have not given up hope of
obtaining some legislation that
will be effective May 27.

Most of the saloonkeepers are
planning to quit business May 27
and they may have to retire even
before that date. The license
year of saloonkeepers expires May
24. None has applied for re-
newal of license and the time for
making application has passed.

The Ohio Home Rule Associa-
tion, the "wet" organization, is
planning its campaign to defeat
the enforcement bills next Novem-
ber. It has also started a refer-
endum on the resolution ratifying
the national prohibition amend-
ment, but this is being resisted in
the courts by the Anti-Saloon
League.

**RECOVER VALUABLES.
FROM WAR RUINS.**

Paris.—American troops who
have been working in the shell
torn areas of France have been
recovering many valuables of
various sorts buried in the ruins.
All these finds are turned over to
the French ministry of finance
which is endeavoring to discover
the original owners or their
heirs. All unclaimed treasures go
to the state.

Members of the American sec-
ond army corps recently unearthed
at Avoucourt a large number
of French and Russian railway
bonds which had lain in the cellar
of a demolished home since the
Germans first invaded the sector.
The bonds were all in good con-
dition and bore coupons which
had not been clipped since July,
1914. Whether the owner is dead
or alive will be determined by the
ministry of finance.

Among the valuables recovered
are many belonging to ruined
churches. Not infrequently when
several churches in a town have
been destroyed and each of them
has lost similar treasures it is
impossible to say who is the own-
er of the wealth recovered. In
the case it is divided among them.

The Avery

Perfect balancing lever eliminates all neck weight from the
team. The depth lever is convenient, allowing operator to
change depth in an instant. The cushion spring which permits
foot pressure on gangs for quick change is a very desirable fea-
ture. Special cultivator wheel, made in the Avery factory, ex-
tra strong wide tire, heavy spokes and dust proof boxings.

The double-acting lift spring is a feature not found on any
other make. This connection is so arranged that the pull or
lift increases as you raise the gangs and the assistance in lift-
ing is as great all the time as when started. Also, when low-
ered and in the ground, by going past center this same spring
assists in holding shovels in hard ground. Special shaped, per-
fect working, soft center high polished shovels. The kind that
do the work right.

SCOTT COUNTY WOMAN
DIED SUDDENLY

Mrs. Ann Brown of Glasgow
Found Unconscious in Yard—
News Notes from Winchester

Winchester May 10.—Mrs. Ann Brown died of heart failure Saturday morning at 9:30 o'clock at the family home in Glasgow. The deceased had been attending to her usual household duties and when found short of breath she was in an unconscious condition and death ensued in a few moments. The deceased was fifty-six years of age and was the wife of William Brown, who survives. Coroner Thomas Webster was summoned and empaneled the following jury to inquire into the cause of death: A. Drummond, W. F. Hanback, Bert B. Blackburn, George T. McMullen, R. Smith and B. E. McEvers of Alesy.

Mrs. Mary Robertson arrived Saturday afternoon from Macomb to visit her sisters, Mrs. Thomas Bean and Mrs. Electa Watson. Miss Katherine Oehler arrived from Jacksonville. Miss Oehler received the first prize in the declamatory contest at Jacksonville Friday evening, and naturally members of the high school class are elated over her success.

Mrs. Packard Redd left Saturday night for Akron, Ohio, to join her husband who has a position there.

Mr. and Mrs. Allen Stewart are visiting at the home of his parents, Mr. and Mrs. George Stewart. He has just received his honorable discharge from the army at Camp Funston having spent several months overseas.

Mrs. J. L. Smith returned Saturday afternoon to her home in Rodhouse.

The children of Mr. and Mrs. C. E. Dunn are confined to their home by measles.

William Richardson of Canton, is visiting relatives here.

A mass meeting will be held at the Baptist church Sunday evening to discuss the proposed soldiers' memorial.

Matrimonial

Bentea-Darush.

Adelina Bentea of East St. Louis and Miss Clementina Darush of this city were united in marriage at 8:30 o'clock Saturday evening by Dr. A. A. Todd, pastor of First Baptist church at this residence, 211 North Prairie street.

The bride has resided here for some time and has been an employee of J. Capps & Sons. She is a young woman highly regarded by all who know her.

The groom is in the employ of the Morris Packing company of East St. Louis. He has just received his discharge from the army after eighteen months service. He attained the rank of sergeant and while stationed at Camp Taylor last June drilled a large number of Jacksonville and Morgan county boys who were sent to that camp.

He has just purchased a new home in East St. Louis to which he will take his bride. They expect to immediately begin house-keeping.

Successful Bazar at
State Hospital

The bazar which was held in Amusement hall at Jacksonville State hospital Saturday afternoon and evening was a successful affair. The neat sum which was realized will go to provide music for the Fourth of July picnic which is being planned for the patients and employees of the institution. The bazar was planned and carried on by the women connected with the hospital, under the capable leadership of Mrs. E. L. Hill. Among the articles offered and which met with ready sale were fancy work, home made candy, cake, ice cream, sandwiches, salads and coffee. The ladies who had charge of the bazar are well satisfied with the outcome of their efforts and are grateful to the public for the liberal patronage extended.

The state no longer furnishes an amusement fund for the institution and so it was decided to hold the bazar for the purpose of raising the desired fund.

Birthday Party for
Russell Dean Sargent.

A delightful children's party was given Saturday afternoon at the home of Mrs. L. B. Sargent, 233 West Chambers street, in honor of the eleventh birthday of her son, Russell Dean. The afternoon was spent in a happy way with various games and amusements and refreshments of ice cream and cake were served by the hostess assisted by Mrs. W. M. Farrington and Mrs. Walter Schildman. The guests were Lucile Conkle, Ruth Harrison, Mildred Grace Miller, Evelyn Matthews, Nellie Boston, Rachel Schwaberg, Dorothy Crim, Thelma Lamming, Mildred and Nellie Boston, Albert Olroyd, Harold Rabjohns, Harold Miller, Raymond Cruise, Byron Olroyd, Charles Russell Roberts, Willis Boston, Roy Conkle, Robert Clement, Russell and Paul Schildman, Richard Henry Schildman (Vern Matthews).

Miss Ella Minter is in Chicago for a few days in the interest of her department at F. J. Waddell & Co.'s store. Miss Minter expects to purchase some charming new dresses and mid-summer millinery.

WITH THE COLORS

From Pvt. Frank Schneider

Miss Margaret Fitzpatrick of Lowell has just received the following letter from her cousin Private Frank Schneider, with Caisson Co. E, 117th Am. Training Unit, army of occupation: Athenae, Germany

April 6, 1919

My Dear Cousin and all: I take the greatest pleasure in answering your most kind and welcome letter that I received yesterday. I thank you for sending those pictures and only wish you would send me some every time you write. Joe looks like a dude sitting up on that car. I guess he thinks himself one anyway. I also think that is a dandy picture of you and Marie. Have you heard from Joe Carrigan lately? In what part of France is he? I never have run across him. Wish I could too.

Wait till I come back and visit all of you and tell you of all the experiences I have had over here. It sure would make you open your eyes. I thought that you had forgotten me. When you write don't wait for an answer, for it takes so long and you can't make me feel any better than by writing often. I guess you don't like Waverly as well as Lynnville. I bet you get lonesome. But think of me in the trenches last year. I sure did get the blues but the blues is only a good man feeling bad, ha! ha!

The tenth of May is my birthday and I will be twenty four; just five more years, than you. It is about time we were getting our service stripe. We are entitled to a gold V shaped stripe for every four months' service. We are now in a little town about 35 kilometers from the Rhine river. I don't know how long we will be here. It sure would seem great to get home after being over here so long and 9 months on the front line. I have seen France, Luxembourg, Belgium and part of Germany and now I am ready to go home although I would like to see Italy. But I don't think there is any chance.

Well Margarette, I don't think of anything else to write. Tell all I send my best regards, for I will have to close this time as the candle is getting low, and taps is now blowing. So be sure and answer and tell me all the news.

Good luck; good bye.

Your loving cousin,
Pvt. Frank Schneider.

FROM PRIVATE
RAYMOND MASSEY.

The letter which appears below has been received by Mr. and Mrs. H. C. Massey of this city from their son, Raymond Massey, who is with Co. L, 22d Engineers, located at Manonville, France: March 16, 1919.

Dear Folks:

This letter leaves me fine and I hope it will find you the same. I am feeling all O. K. since I got my shot, but my arm is still a little sore. I guess we can stand most anything now. I didn't think when I was at home that I could ever live in a shed like the one we are now living in. It has a dirt floor, tin roof and the sides you can see thru almost anywhere. Our beds are double berth bunks, that is, one fellow sleeps above the other. I have a bottom berth. They are made of woven wire and in the morning the codies can play checkers on one's back. And the rats are pretty good friends of a fellow, they will carry off your shoes if they are not too heavy. One night I had a box of cookies in my rain coat

pocket and they were not satisfied with two cookies and so they tried to eat my coat.

I guess a fellow can live here in the summertime if he can when the ground freezes from 12 to 14 inches deep. And then the boys back in the states kick because the boys over here wear a service stripe. All we lack for a dance now is some girls, for the sergeant went to Toul and brought back some violin and harps.

I had a letter from home the other day that was written the 20th of February. I suppose when this letter reaches you that you will be having fine weather. We are having good weather over here now, and I think that spring has started for the French people have started to plow and they sure have some plows, too. They have wooden moldboards and all walking plows, and it is not uncommon to see them have an ox and a horse hitched up together. Sometimes they have two horses at the plow and the oxen in front, and one man drives. He has but one line and a whip. It is sure queer to see the way they work over here, everything is altogether different from what it is over home.

I wouldn't take anything for my trip but I wouldn't go thru it

again for anything. There are a lot of German prisoners working not far from where we are. Well I will close for this time, hoping to be home soon. With love to all, I am,

Yours,
Raymond.

The Lights Are Shining
Brightly Now on
Broadway

The war is over — let joy be unconfined—such is Broadway's verdict. Because the Edison Laboratories feature Grand Opera Re-Creations so constantly some people have the idea that it overlooks the more popular music. Quite otherwise. It is sorry for the man who can't enjoy a rollicking rag-time ditty. It believes in democracy in music. And it supports its belief by producing vast quantities of Broadway hits.

The Edison Laboratories are exactly as insistent upon a perfect Re-Creation in recording a transitory rag from Tin Pan Alley, as they call the jazz music publishers' district in New York, as it is in recording an aria sung by a Metropolitan star.

"Edison sure makes you hear your money," remarked a famous song singer recently after repeated trials. "You'd think I was going to sing 'Celeste Aida' instead of a passing hit."

In Edison Grand Opera Re-Creations you receive all that the ear can give you of the art of the world's great opera

stars. In Edison popular song hit Re-Creations you get the very spirit of Broadway—that joyous, carefree abandon which has made the Great White Way a world landmark.

The picture you see above is drawn from an actual photograph of Arthur Fields, the famous ballad singer, testing his own rendition of a recent song hit against the New Edison's Re-Creation of it.

Whether you live in Bangor or Butte put a Fields' Re-Creation on your instrument: Close your eyes; and Fields' performance will be just as vivid—just as convincing—as if you'd paid \$2.50 for a second row seat at the Palace Theatre in Longacre Square.

Three million dollars was spent in research work to perfect the instrument which is capable of standing up to the direct comparison test. But it was three million dollars well spent. For the result is The New Edison, the only phonograph which can meet this test.

Call at our store and hear Arthur Fields and other Broadway favorites.

LANE'S NEW BOOK STORE NOW OPEN

Transfer of Stock Made Without Closing Doors—Handsome New Equipment.

B. F. Lane's book store is now located at 225 West State, one door west of his former location. The change was made without closing the store and people were greatly surprised Saturday to find the book store established in such a handy way at the new location.

Mr. Lane decided on the change a number of weeks since and leased the room he is now occupying. Immediately the work of redecoration was begun and the store room is both spacious and attractive. The ceiling and woodwork are done in white and the walls in a soft green, and the lighting is excellent. Mr. Lane has new fixtures and altogether the store will compare favorably with any similar establishment in central Illinois. In the new room Mr. Lane can display stocks which he before necessarily kept in storage.

Mr. Lane purposes to maintain the record of the store and the goods offered are of high quality. Patrons of the store know that good judgment has been displayed in the selection of books, stationery and other stocks and the continued increase in business does give proof of public appreciation. The store is one which does credit to Jacksonville.

VICTORY LOAN TOTAL RUNS TO HIGH FIGURE

Chairman Capps Announces Over-subscription of \$249,800 — Fine Showing for County.

H. M. Capps, county chairman of the Victory Loan organization, last night reported an over-subscription of \$249,800 for the county. The figures are county quota, \$1,365,900; county subscriptions \$1,615,700. "There will be still other subscriptions coming in in the early days of this week," said Mr. Capps last night. Continuing he said, "There were no doubt additional subscriptions Saturday which were not recorded and it will not be surprising if the over-subscription runs to \$300,000. This is certainly a fine showing for the county and indicates both the patriotism of the people and their good business judgment. The figures show how well the banks of the county have come forward and done their part in this extensive campaign which was necessary to enable the government to pay its war time debts." "Saturday, the last day for subscriptions, had a big record, as was anticipated for belated subscribers crowded the banks all day and organization workers from various precincts in the county turned in the biggest day's total of the campaign. The U. S. treasury ruling is that no subscription can be accepted after Saturday, May 10, but doubtless those actually signed and dated before the closing hour Saturday will be accepted. In addition to this fact, it is probable that most of the banks have provided in their own subscriptions to take care of some of their own customers who have not actually signed up and paid the 10 per cent first payment."

There will be a further and complete detailed statement of the county's subscriptions, because many subscriptions known to have been made have not yet been reported to headquarters by the banks and precinct workers throughout the county. It is believed that all of the banks will show over-subscriptions on their quota sheet. The final figures are all in. It was a busy day for Miss Mount, who is serving most efficiently as financial secretary at headquarters. An indicated, there will be a further statement for some of the reports that came in late Saturday are not included in the figures quoted above. The actual campaign has closed and in many ways it has been the most interesting and successful of the whole series. Chairman Capps said last night that he wished to express to each and every one of the workers his sincere appreciation of their loyal and efficient co-operation.

ENTERTAINMENT AT WOMAN'S COLLEGE

Company Given in Honor of Mr. and Mrs. James MacMurray.

Dr. and Mrs. Harker entertained the students and faculty and a few guests Saturday evening in honor of Mr. and Mrs. James E. MacMurray of Chicago. Mr. MacMurray is a trustee of the college and both he and Mrs. MacMurray are greatly interested in the college and its plans for improvement and advancement.

During the evening Mrs. MacMurray most delightfully entertained the company with a number of artistic readings.

Her first selection was entitled "Under Orders" one of the greatest war dramas. Mrs. MacMurray saw this given in New York last fall and was so impressed with its possibilities that she mastered it and has read it a few times for her friends. Her conception of the theme was comprehensive and her delineation of the character was well nigh perfect.

To the delight of her audience she read a monologue of the inquisitive boarding house bore. Her closing number was a poem giving a tribute to a tree. This last was suggested by a recent trip which she and Mr. MacMurray enjoyed thru California.

Mrs. MacMurray has a most pleasing personality, a splendid voice and gifts as a reader seldom found even in the best known masters of this art.

Mr. and Mrs. MacMurray are guests of the college for the week-end coming to enjoy the May festival.

In addition to the program given by Mrs. MacMurray, the madrigal club gave a number of selections which were greatly enjoyed by all.

Lift refreshments were served.

A GREAT EVENT IN SHRINERS' LINE

This year in Indianapolis is to be held the national gathering of the Shriners, of which there are some 147 organizations in the United States. Each Shrine will probably send a band of fifty pieces and a patrol of equal number all arrayed in oriental costume. J. Bart Johnson of this city belongs to the Shrine, at Springfield but as more members live nearer Decatur than Springfield the band is being drilled in the former city and each Tuesday evening until July they have a band drill and absence will not be heard of at all. Mr. Johnson will play the saxophone both in the band and in a quartet.

When it is remembered that each Shrine will be expected to send at least 100 members, including the band; that many in addition will go and many take their wives it will be seen that the affair is rather immense and will tax the capacity of the capital of Hoosierdom to accommodate all.

MISS. VALLEY HISTORICAL

Ensley Moore returned, Saturday night, from St. Louis, where he attended the annual meeting of the Mississippi Valley Historical Association, and incidentally watch the returning heroes march past in the magnificent reception given the St. Louis men from over the seas, Friday. The Escort of Honor and decorations were very fine.

At the historical one of the best programs was presented, and the Louis people extended several courtesies to the visiting historians. A feature was two luncheon Saturday they were taken around the city, and over to the great Cahokia Indian mound near East St. Louis in autos. Mrs. Clara Sibley Paine, of Lincoln, Neb., who succeeded her husband as secretary-treasurer of the association was re-elected. She expected to come here today, for a short visit.

INDEPENDENTS ARE READY FOR SEASON

Management Announces that First Game Will Be Played Week from Today—Some Good Men Signed and Fast Teams Booked—Work on Park Being Pushed.

Managers Smith and Cruse announced yesterday that the 1919 season of the Independent baseball team would open Sunday, May 18. The opposing team will be the Peoria Independents one of the best teams in the distillery city.

The management has had many disappointments this year, among them a hitch in the lease for the grounds which delayed work and lost several good playing Sundays the past two months.

Now that has been settled but the managers announce that they must have the support of the fans else the home games will have to be cancelled and games booked away from home. With higher railroad fares and other things in the way of baseball supplies selling at greatly increased cost it will require large attendance at every game to pay expenses.

The work of selling booster ticket will continue and it is to be hoped that baseball enthusiasts will respond in a liberal manner.

Frank Smith, who has charge of the playing end of the game, has signed up nearly all of the local stars and several from out of town will be given a chance. Among those signed are Harry Clark, catcher; Buck Simms and Charles White, pitchers; Hub DeFrates, Briggs, Dick Ruble and Dick Wheeler, infielders; Christopher, Riggs and Gillis, outfielders.

Simms has been working with Clark for several weeks. Clark says he has everything. If Simms is as good as he was several years ago visiting teams will have their troubles winning games. Charles White has also been working out and looks good. If both these hurlers are right the mound work will be taken care of in first class shape while everybody knows what Harry Clark can do behind the pan. He is undoubtedly the best semi-professional catcher in this section.

The Independents will practice Tuesday and Thursday evenings on the State Hospital grounds with the Young Men's Athletic club. This aggregation has some good youngsters and will give the Indies plenty of good practice. The schedule so far made includes the following teams:

May 18—Peoria Indies.
May 25—Peoria Merchants.
June 1—Bloomington Eagles.
June 8—Paris Club, Peoria.
June 15—Morton Greys.
June 22—O. C. & S., Springfield.

July 1, 5 & 6—Decatur Browns, colored.
July 12—Springfield Athletics, colored.
July 20—Peoria Giants, colored.
July 27—Springfield Merchants.
August 3—Bloomington Nationals.
August 10—Peoria Giants, colored.

HEALTH PROMOTION WEEK MAY 11-17

The great day is at hand, when every mind should be centered problem of health. Are we going on this one great community effort to fall down on this problem or are we going to be at the highest mark? I will say for the community, we will stand far above other sections. Now do not let me go back on my word. All our returning soldiers have had training in sanitation, and learned that preventive work is the only effective work to be done at this time. In the 20th century we do not wait for epidemics to come upon us, but the only really good work is to prevent such an occurrence.

In our cantonments, the Sanitary Corps do not allow mosquitoes, flies or any such disease breeding insects to even be thought of let alone to remain long enough to cause any kind of an epidemic. Overseas, in our little smelly French villages we find that the sanitation idea is the last thought of, but our soldiers have been trained so that we find little disease, due to lack of knowledge of proper prophylaxis. After these boys making efforts to teach the French peasants the value of good health are we going to let them come home and realize that he should have begun at home? No, our homes must be in perfect sanitary condition to satisfy the returning soldier. Are our adjoining little villages awake to the fact that sewage is one of the first assets to good health, and if our water supply is in bad condition, how can we expect a strong, healthy community? The greatest growth in a village is usually due to provision made for garbage disposal, good water supply and cleanliness.

INCIDENT OF CIVIL WAR RECALLED

Today Marks Anniversary of Notable Incident in Which Wisconsin and Michigan Cavalry Fought.

Fifty-four years ago today a detachment of Wisconsin and Michigan cavalry under command of Lieut. Col. Pritchard surrounded an encampment in Georgia and in that encampment were some men who will a long time figure in history. They were Jeff Davis, late president of the so-called southern Confederacy, Regan of Texas, Judah P. Benjamin and some others of his cabinet. Then it was the ex-president ran out of the tent, not with a woman's complete wardrobe on him but with a long cloak reaching to the ground and his wife's shawl thrown over his shoulders. Many will remember the pre-

tended suit Barnum showed in his museum and also the fact that it undoubtedly caused the fire which destroyed the building and many of the contents.

A little before this time a union soldier who would starve, sick and die in Andersonville rather than take the oath of allegiance to the so-called confederacy, had escaped from his tormentors by jumping from a train and taking to the swamps. There he would have perished but for the kindness of a slave who brought him the sweetest morsel he ever tasted, some corn pone and fat pork, and told him how to find the road which would lead him to freedom.

At that time he weighed 72 pounds and he has often remarked that the front and back parts of his body rattled against each other so nearly finished was he. The cavalry and mounted infantry command of Gen. James H. Wilson, 14,000 strong were in the vicinity and he made his way to them a pitiable object, clad in rags ready to drop from him with rotteness and tatters, unwashed and unkempt, he presented a pitiful appearance. The kind hearted men took pity on him and did the best they could for him which was a seers uniform and plenty to eat along with some soap and water.

He accompanied them to Macon and there he saw the redoubtable

Jeff Davis and the rest of his party and later the wretch Wirz, who had commanded the Andersonville hell. That rebel uniform he had to wear a good while and eventually he reached Washington in time to see the grand review and his own regiment, the 10th Ill., but he was too weak to join in the parade. That man was our well known and honored Capt. James M. Swales.

Davis was taken to Augusta and Savannah and then to Fort Monroe where he was kept two years and Greeley signed his bail bond ruining himself in many respects in the estimation of many.

Road District 11 poll tax is due and must be paid by June 1st to clerk of Murrayville bank.

CONSERVATORY NOTES

There will be a recital of Advanced Students next Tuesday evening May 13th in Recital Hall at 8 o'clock. The following students will take part: Edda Eckholt, Antonette Gouevia, Jeanette Miner, Magtha Priest and Beatrice Dye, from the Voice Department, Miss Floreca Short, Jeanette Henderson. The public is cordially invited to attend.

An Expression recital will be given next Friday evening May 16th, in Recital Hall, by Miss Lucille Bennet, student under Mrs. C. C. Thompson, assisted by Miss Helen Sorrells, violinist. Mr. and Mrs. C. A. Carter, Misses Vincent Spahnower and Helen Crane, Mr. and Mrs. H. Rehner and Mrs. Jennie Laycock for Waverly attended the recital given last Tuesday evening by Misses Ethel Carter, Ruth Armstrong and Mary E. Pribet.

The joint recital given last Thursday evening by Miss Bertha Virginia Gordon, pianist, Miss Mabel Forrester soprano and Miss Helen Frazer, violinist was most successful and well attended considering the number of conflicting events. Mrs. Keating and Mr. Kitch acted as accompanists.

Misses Ruth Armstrong and Mary E. Pribet will sing solos at the M. E. church in Waverly on Sunday, May 11th.

Mr. Kitch and Mr. Munger are entertaining the faculty of the Conservatory at supper Saturday evening, in honor of the three members of the faculty who are leaving this year. Mrs. Genevieve Clark Wilson, Miss Ruth Duncan and Mrs. Robert E. Keating. Miss Audrey Hall played several violin solos at a high school entertainment in Beardstown last Wednesday evening, May 7th. Miss Mabel Forrester played a violin solo for the Woman's Club at their meeting in Academy Hall Friday afternoon May 9th.

LYNNVILLE CHURCH.

During the erection of the new Christian church at Lynnville, services will be held, as usual, in the Masonic building. A cordial welcome is extended to the public.

Gardner's Double and O'Neill's
Single Score Winning Item—
Speaker's Work Features
Detroit Downs St. Louis.

Cleveland, O. May 10.—Cleveland defeated Chicago today 6 to 5 in eleven innings, the winning run being scored on Gardner's double and O'Neill's single off Cicotte who relieved Kerr after the latter had pitched eight innings. Speaker's work in center field was a feature. The score:

SIR BARTON WINS
KENTUCKY DERBY

LOUISVILLE, Ky., May 10.—Sir Barton, commander J. K. L. Ross' Star Shoot Lady Sterling colt won the forty fifth renewal of the Kentucky derby over a muddy track at Churchill Downs in hardy fashion gained for his owner \$20,825 and enriched the public to the extent of \$7,200 for a \$2 pari mutual ticket. Sir Barton carried 110 pounds, twelve less than the top weight and was ridden by Jockey J. Loftus who handled his mount in excellent fashion. Billy Kelly from the same stable with E. Sande Up was second by a length from the leader and a length away P. Dunn's Imported colt, Under Fire, finished third. Vulcanite six lengths to the rear led the remainder of the field. The time 2:00.45 for the mile and a quarter, was 6.2-5 seconds slower than the derby record.

Take all—The fungus that causes this disease exists in the soil and attacks the roots of the plant. It makes its appearance in round patches in the field, and where it develops badly the yield on large areas may be diminished by one half. No remedial measures are known except changing of crops and summer following. In places where the fungus is prevalent and plants are attacked early, they assume a sickly appearance, lose their dark green color, the leaves turn yellow and they shrivel up and die. If the attack comes later or the plants are strong enough for a time to withstand the fungus they linger but ultimately die. When the infection appears in a field, it operates from a central point, spreading to attack the plants in its vicinity, and as plants are thus killed in patches it gets its name of Takeall. Sometimes the disease does not appear until the plant has gone to head, when it becomes bleached as if prematurely ripe, the heads turn white and the plant dies from the root upward.

If the dead or dying plants are closely examined at the root they are found to be more or less blackened at the butt of the stem. For this reason the disease is known in France as "Foot rot." If such plants are pulled up, it will be found that the roots break off short, leaving only a short densely hairy and swollen portion attached to the stem.

The disease develops rapidly and generally it is noted only after the fungus has made considerable progress. It thrives upon barley, barley grass, and one of the Bromo grasses. It does not, as a rule, attack oats altho cases are known in Australia and England where oats have suffered. It does not appear to attack corn, and therefore if fields should appear badly infected and there is still time to plant corn the best authorities agree that it would be entirely safe to sow under affected wheat and plant corn.

The road blows your tires receive in service are no less severe than pounding blows from a blacksmith's sledge. PHARIS-PARAMOID are built to withstand these blows. They have an extra ply of fabric.

Mileage records of thousands of users testify to the superior service this tire yields.

Come in and examine this tire. It is the tire you need.

Look inside the lid!

If it hasn't this trademark,
it isn't a Victrola

You can readily identify the Victrola by the famous Victor trademark, "His Master's Voice." It is not a Victrola without the Victor dog. This trademark is on every Victrola. It guarantees the quality and protects you from inferior substitutes.

The word "Victrola" is also a registered trademark of the Victor Talking Machine Company. It is derived from the word "Victor" and designates the products of the Victor Company only.

As applied to sound-reproducing instruments, "Victrola" refers only to the instruments made by the Victor Company—the choice of the world's greatest artists.

Look inside the lid—insist upon seeing the famous Victor trademarks. On the portable styles which have no lid, the Victor trademark appears on the side of the cabinet.

ILLINOIS COLLEGE NOTES

The American School Board Journal for last April contains an interesting illustrated article on "A Centralized County High School" by Ralph Robb, who is principal of the Holyoke High School in Colorado. President Rammelkamp recently received an interesting letter from Leroy E. Ellison, who is with a Field Hospital company in the 79th Division. Ellison told of a review of the Division by General Pershing, explaining how thoroughly and with how much "pep" the General did his work of inspection. "By the time he had reached us" Ellison writes, "the General had his overcoat off. He showed his exacting military disposition, his iron-willed drilling and was a regular whirlwind."

Probably one of the most interesting features of the forthcoming May Day at the College will be the little play of Noam. The following is the cast selected for the play: Lucille Baker, Anne Pessel, Ruth Turner, Bernice Wheeler, Ralph Baker, Clarence Goveia, Francis Taylor and Bryan Underwood.

The class of '94 is making plans to celebrate at commencement the 25th anniversary of its graduation. Although not a large class '94 contains several members who have made a substantial mark in life. The members are the following: Edwin G. Baldwin, John A. Barber, Fred S. Brown, David W. Frackleton, James W. Putnam, and Charles F. Wemple.

President Rammelkamp will go to Waverly on Sunday to address the Congregational Forum in the evening on the subject The League of Nations.

Hugh P. Green, '09, trained the boys who participated in the recent Whipple Academy Declamation contest.

The "Oregon Trail," by J. T. Dorris, '11, has recently been published as a reprint from the proceedings of the Illinois State Historical Society. This article was prepared by Mr. Dorris as a thesis for the master's degree to the faculty of the University of Wisconsin.

Edwin Ochsner, '20, was a visitor on the campus Friday. Ochsner was wounded in the Argonne in September, 1918. He is on furlough at present but expects to be out of the service about the first of July.

MARKHAM

There has been no farm work done this week on account of continual rains. There was quite a lot of hail Sunday which did considerable damage to the gardens.

Margaret Black of Bluffs spent the week end with her cousin, Ellsworth Marshall.

Fred Carter arrived home from overseas service Wednesday. His many friends were glad to welcome him home. He left in August, 1917 and attended the Rhoe Auto School in Kansas City. He started across the 11th of November.

Mrs. Wm. Worrall received a telegram Monday announcing the safe arrival of her husband in New York with the 127th Infantry. He left here with Morgan county contingent for Camp Taylor and was transferred to other camps in rapid succession and sent across in late summer and was in the fighting line for some time.

Mrs. Worrall is visiting her brother-in-law, R. R. York this week. Eugene Scott has arrived safely in U. S. from overseas. He went across in October. He left here in May with the Morgan county contingent for Camp Shelby, Miss.

Our boys will soon all be home. Harold Forbis who is at Maple Crest for treatment remains in about the same condition. He has been suffering from after effects of the flu.

The Mound Woman's Country club met with Mrs. Wax Thursday afternoon but on account of disagreeable weather was not a full attendance.

Mrs. John Boddy, son Louie and daughter Grace spent Tuesday night in town. The directors here have employed Miss Masters to teach the fall and winter term of school.

CAKE

The kind everybody wants more of. The kind that stays moist, tender, tempting, as long as it lasts—when you use

CALUMET BAKING POWDER

"BEST BY TEST"

If you've not already been using Calumet, try it and you'll find a wonderful improvement in your cakes, a more satisfying goodness and finer texture than were ever possible with any other baking powder. A broad statement—but proven to be true whenever you use Calumet—it never fails.

Calumet is made in the world's largest, finest, most sanitary baking powder factory. Used by millions of housewives because it is economical and gives better and more satisfactory bakings.

CALUMET LAYER CAKE

1 1/2 Level cups sugar
3/4 Cup shortening
5 Eggs separated
1 cup milk or water
1 Level teaspoon salt
4 Level cups flour
4 Level teaspoons Calumet Baking Powder.
Lemon flavor

How to Make It: Cream one cup of sugar with the shortening until light, separate eggs and work in yolks. Beat the egg whites with balance of sugar to a stiff froth and add. Next stir in one cup of flour and then add milk. Last stir in balance of flour well sifted with baking powder. Bake in medium oven.

A "tested" Calumet recipe that insures excellent results. Cut out and paste in your recipe book for future reference.

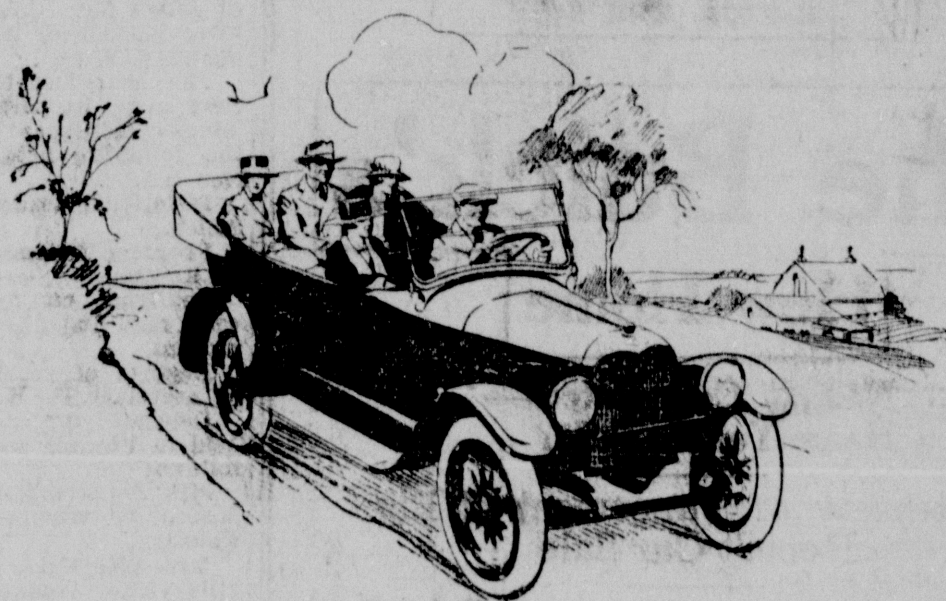

Do You Know This?

When you buy a pound of Calumet you get a full pound—15 oz. Some high priced baking powders are now being put on the market in 12 oz. cans instead of a pound. Be sure you are getting a pound when you want it. No short weights with Calumet.

PAIGE

The Most Beautiful Car in America

Our problem for the next ninety days, at least, is, not to sell these five-passenger Paige Linwoods, but to get enough Linwoods to fill the orders that are coming to us. A car that has been bought by twenty thousand American families and by each member of those twenty thousand households is being recommended for its day-in and day-out service, ease of operation, faithful performance and economy of upkeep and operation, doesn't require any selling.

That is the heritage of the New Series Linwood to which we have added a little more smartness, a little more beauty, a little more luxury of motoring.

The Paige Factory is constantly increasing production. We have had special allotments of Linwoods beyond our regular quota. In spite of this, nothing but the immediate placing of your order will guarantee you a reasonable delivery of a Linwood.

LETTER TO FARMER'S CLUB MEMBERS.

The following letter has been sent by County Agent G. B. Kendall to members of the Morgan County Farmers Club:

Swine Plague, Hemorrhagic Septicemia and Hog Cholera

Swine plague is a specific infectious disease resulting from the invasion of B. suis. The disease is generally of a chronic character, accompanied by pneumonia and pleurisy. It may occur in conjunction with hog cholera and in infected herds where swine plague is suspected. It is advisable to see the serum alone treatment to avoid losses which might follow the administration of the double treatment in such instances. It is very difficult, if not impossible, to accurately differentiate between the symptoms and lesions of hog cholera and swine plague. In cases of doubt it is always advisable to use anti-hog cholera serum and follow with injections of swine plague bacterin if the losses are not successfully checked by serum. At the prevailing price of pork, it seems advisable to vaccinate all pigs immediately following weaning on premises where disease prevailed last year. Hemorrhagic septicemia and contagious pneumonia are identical with swine plague and may occasionally occur independent of hog cholera.

Preventing Swine Diseases.

While hog cholera serum is being used more freely in the control of hog cholera, such valuable aid as sanitation in combating this disease should not be neglected. This is the year of all years for vigorous disinfection of hog houses and rotation of pastures if progress is to be made in checking the occurrence of last year's swine infection. Pasture rotation should be more urgently recommended as a step in swine hygiene. Especially is this applicable on farms where disease has prevailed year after year. The soil becomes impregnated and the application of chemical disinfectants are of no avail. Many of the pastures of the State have been used for feeding and raising swine for 10 or more consecutive years, and the fundamental laws of health and hygiene have been disregarded in this procedure. Judging from various inquiries being received, relative to the diagnosis and treatment of pig diseases, there is no more practical or urgent message of conservation at this time than rotation of hog pastures. This seems to agree with the observations of all County Agents and Veterinarians so far consulted. Robert Graham, Professor of Animal Pathology.

Hog House Disinfection.

Hog houses should be cleaned of dirt and other material, which should be burned or spread on pastures not used for swine. Any reliable disinfectant should be applied to the floor, side walls, troughs and every available space. Sanitary measures are economical before disease appears and if conscientiously applied, may be relied upon to greatly reduce swine losses.

Unclean hog houses are centers of infection for such diseases as necrobacillosis in its various forms, that is, sore mouth, bull nose, necrosis of the ears and tails, as well as swine plague or contagious pneumonia which may develop in sucking or weaning pigs. All of these diseases are preventable in a large measure and the practical method at hand of cleaning and disinfecting hog houses and rotating hog pastures. These measures are further more efficient against cholera and other infectious swine diseases. The greatest losses are due to hog cholera virus the it should be remembered in a small percentage of cases swine plague may prevail in connection with this disease to constitute an independent factor of death. The specific bacterin treatment is recommended in swine plague at the time serum is given on premises recently infected, as specific bacterins are indicated following the infection of hog cholera serum if the disease is not checked. On last year's infected farms where serum did not efficiently check the infection the writer would prefer to immunize pigs at weaning time against hog cholera and swine plague simultaneously—Robert Graham.

Marketing Wool Co-Operatively.

The plan is as follows: all wool growers in each county put their wool together and ship to the warehouses in Chicago. Each consignor's wool is marked with his name. When the car arrives, it is unloaded, each man's wool is graded and weighed and he is credited with the amount of each grade.

The wool is sold directly to manufacturers by wool marketing experts and thus each producer gets the advantage of selling graded wool in large quantities to the manufacturers instead of selling ungraded wool in small quantities to small dealers who buy on the "basis of"—the poorest grade and take a large profit. The National Wool growers association charges 2½¢ per pound. For this it unloads the wool grades it, stores it and loads it out to the purchasers, if it is not sold within 4 months a charge of 15¢ per 100 lbs per month will be made thereafter and the owner must pay the insurance. If the owner wishes an advance on his wool he may get 75 per cent of the estimated value as soon as it reaches the warehouse. On this advance he must pay 7 per cent interest until it is repaid. If you are at all interested in marketing your wool co-operatively let us hear from you at once. Invite your neighbors who are wool growers to ship with you.

Dairy Short Course.

The College of Agriculture an-

nounces a short dairy course beginning May 19th and ending June 13th. This course will fit men for official testers and will also be especially valuable for those who wish to do dairy cattle for show purposes. The entire expenses involved in attending this course will amount to \$40. If you know of some ambitious young man who might be interested, send him to see us without delay.

COLLEGE NOTES

Miss Louise Rood went to Pittsfield on Thursday evening to read for the entertainment given by the Glee Club at that place.

On Friday afternoon, May 16, at 4:30, Miss Ruth Kuss will give her commencement recital. She will read Tchekoff's one-act comedy, "The Proposal." Every one is invited to attend.

"The Romancers," a delightful three act comedy, will be played by the Dramatic Club, on May 19th. It is the plan to present this breezy romance out on the campus, if the weather permits. The tickets will be on sale Monday, May 12, and the price forty cents will include your war tax.

Miss Merlyn Terhune has accepted a very fine position as supervisor of art and music at Milton Junction, Iowa. Miss Terhune will receive a diploma this year, for the three year art course from the School of Fine Arts and also a certificate from the College of Music.

Miss Knopf will be represented at the thirty-first annual exhibition of water color paintings by American artists opening at the Chicago Art Institute this week, by two paintings, "In the Conservatory," Garfield Park" and "Flowers and Reflections." This is one of the important showings of American art held each year at the art institute, and will continue from May 15th to June 15th.

The art students have been designing posters for the May Day Fete, and Health Week, the past week.

The at home given by Mrs. H. V. Stearns and Mrs. T. J. Fitter Monday afternoon was greatly enjoyed.

The annual recital given by Miss Constance, director of the School of Expressions, attracted an audience which crowded the main floor and gallery of Music hall. Miss Constance's dramatic ability and power of sincere interpretation added additional laurels to her reputation as teacher and reader.

Mr. Allen D. Albert of Chicago visited the college on Thursday and was a guest at lunch. He delivered a brief address which proved to be an inspiration to all. The Madrigal Club, Miss Rent M. Lazelle director, gave the annual concert Thursday night much to the delight and benefit of all who attended.

The following young women will act as Stewards in the Centenary celebration in Columbus, Ohio, June 29th to July 7th: Ruby Baxter, Mildred Funk, Marie Hitt, Esther Hetherlin, Helen Blaisdell, Blanche Seaman, Marian Jane Robinson, Eva Gertrude Hodgins, Winifred Kepfinger, and Zereta Schwartz.

The installation of officers of the Students' Association and all other student organizations was conducted at Saturday's chapel.

The faculty and seniors appeared in caps and gowns. The newly installed officers are as follows: Students' Association, president, Miriam Sipple, vice-president, Elizabeth Bothwell, secretary, Mildred Keys, treasurer, Mona Ramsey, President Y. W. C. A., Grace Harris, president Athletic Association Vera Wardner, editor of Greet-

Women Who Know Take Precaution
Against Suffering.

Before the arrival of the Stork, women over half a century have learned the lesson of giving nature a helping hand. Aches, nervousness, heartburn, and retching pains in the abdomen and uterus are entirely avoided by the use of Mother's Friend, according to the testimony of thousands of mothers who have used this honored remedy.

Mother's Friend lubricates the fine network of nerves beneath the skin, and by regular use during the period the muscles are made and kept soft and elastic. They then expand gently and easily when labor is born and pain and danger at the time is naturally avoided.

Mother's Friend is a preparation of penetrating oils and other medicinal agents prepared especially for expectant mothers. It is for external use, is absolutely safe and should be used regularly during the entire period before baby comes.

Write to the Bradley Regulator Company, Dept. A, Lamar Building, Atlanta, Georgia, for an interesting Motherhood book, and obtain a bottle of Mother's Friend from the druggist. You will find it is the greatest kind of help.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

ings, Esther Hetherlin.

Mrs. Alice P. Leaming of Otterbein, Indian, Mrs. E. A. Coe of Girard, Illinois, Dr. W. Taylor of Ashland and Miss M. Louise Brown of Lafayette, Indiana, have been college guests during the week.

Vice President Nyman preaches Sunday morning in Grace church, Decatur and Sunday evening in the Methodist church of Moweaqua.

President Barker has had a week of satisfaction due to certain civic improvements. He rejoiced in the breaking of ground for the soldier's monument in Central Park. He was jubilant over the beginnings of the water dam. The Doctor feels that a new day has dawned upon Jacksonville's community life.

Mr. and Mrs. James E. MacMurray of Chicago arrived at the college Saturday morning for a visit extending over May Day. Mr. MacMurray is one of the trustees of the college. Both Mr. MacMurray and Mrs. MacMurray are taking active interest in all phases of the college life. Saturday evening an opportunity was given the college family to meet the guests. Mrs. MacMurray kindly favored those present by several interpretative readings. A most enjoyable evening was spent in a delightful informal way.
